Dear Mr. Weisberg,

P.C. replied on the 17TH and his letter arrived this morning. I quote the pertinent first paragraph: "How very nice indeed to get a letter from you - not to mention a book. It is a massive work and I see you feel very strongly about it. I will certainly read it with avidity and find out what the situation is about rights (right away, J.C.S.)."

I sincerely hope that something comes of this; am keeping fingers crossed. Just consider this card to be a progress report and don't take time to reply.

With best regards
